Notes to Financial Statements

December 31, 2014

1. Purpose and Operations

Korean Resource Center, Inc. (the Organization) is a California nonprofit organization. The main purpose of Organization is to promote Korean history and cultural appreciation and to provide social services to the Korean Community in Los Angeles.

2. Summary of Significant Accounting Policies

Basis of Accounting

The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Basis of Preparation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards Number 117, Financial Statements of Not-For-Profit Organizations. Under SFAS Number 117, the Organization is required to report information regarding its financial position and activities according to three classifications of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

*Unrestricted Net Assets* – Includes contributions, fund-raising, fees, and other forms of unrestricted revenue and expenditures related to the general operations and fundraising efforts of the Organization.

*Temporarily Restricted Net Assets* – Includes assets that have been restricted by the donor or grantor. When the restriction expires or the resources are spent in accordance with the donors’ restrictions, the net assets of this fund are reclassified to unrestricted net assets.

*Permanently Restricted Net Assets* – Includes assets that have been restricted by the donor in perpetuity but permit the Organization to expend part or the entire income derived from the donated assets.
2. Summary of Significant Accounting Policies (continued)

Cash

The Organization maintains cash balances with three banks. Cash fund of $30,429 is reserved for interest expense at 3% per annum on the principle amount $200,000 from the CRA/LA effective from January 1, 2009. Relocation reserved fund of $30,000 as moving expense once affordable rental housing is compliant. The Organization reserved fund $2,500 per month effective from January 1, 2009.

Credit Risk

The Organization maintains bank accounts with the local banks. The bank account balances are insured by Federal Deposit Insurance Corporation. At times, cash balances were in excess of insured limit.

Contributed Services

During the year ended December 31, 2014, the value of contributed services meeting the requirements for recognition in the financial statements was $78,400. In addition, many individuals volunteer their time and perform a variety of tasks that assist the Organization, but these services do not meet the criteria for recognition as contributed services.

Contributions

The Organization accounts for contributions in accordance with the recommendations of the Financial Accounting Standards Board in SFAS Number 116, Accounting for Contributions Received and Contributions Made. In accordance with SFAS Number 116, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence or nature of any donor restrictions. All donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.
2. Summary of Significant Accounting Policies (continued)

**Expendable Restricted Resources**

Operating funds restricted by the grantor for particular operating purposes are deemed to be earned and reported as revenues of operating funds when the Organization has incurred expenditures in compliance with the specific restrictions.

**Equipment and Furniture**

Equipment purchased with grant funds in where the grantor retains title to the equipment are expensed as acquired. Equipment purchased with non-grant funds are capitalized and depreciated over the useful lives of the assets. These are 50 years for the building, 15 years for furniture and fixture, 7 years for equipment, and 7 years for instruments and books.

**Functional Allocation of Expenses**

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

**Income Taxes**

The Organization has been determined to be exempt from Federal and California Franchise taxes under Section 501(C)(3) of the Internal Revenue Service Code and corresponding California provisions.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
